ATLANTA--(BUSINESS WIRE)--Apr. 20, 2022-- [Repay Holdings Corporation](#) (NASDAQ: RPAY) ("REPAY"), a leading provider of vertically-integrated payment solutions, today announced a technology integration with [D2R-Collect](#), a provider of cloud-based technology and recovery software solutions for accounts receivable, third party collections, credit unions, higher education institutions, and small- to medium-sized enterprises. The partnership will further improve and maximize collection efforts by offering enhanced digital payment acceptance capabilities for businesses utilizing the D2R-Collect platform.

D2R-Collect enables accounts receivable and collection teams to track, measure and optimize outreach efforts with easy-to-use tools, accelerating collections with timely, intelligent interactions and customized customer communication. The integration between the REPAY and D2R-Collect platforms will allow businesses to accept electronic payments, including credit and debit cards and ACH/EFT transactions, seamlessly and securely within the D2R-Collect software. As payments are made, REPAY automatically updates D2R-Collect with the latest payment information, streamlining collection workflows by eliminating manual data entry.

"D2R-Collect's mission to provide an intelligent SaaS recovery solution is incredibly valuable in a number of industries like credit providers, alternative lenders, and higher education," said Susan Perlmutter, Chief Revenue Officer of REPAY. "In order to increase recovery rates and maximize collections, it's critical to offer convenient payment options that are easily accessible for when a consumer is ready and able to pay. Our partnership with D2R-Collect was a natural fit, with an aligned goal of creating a seamless experience that makes our customers' lives easier."

"We're thrilled to be working with REPAY to expand our digital payment capabilities and empower consumers to make unassisted payments," said Sam Andary, D2R-Collect Founder. "REPAY's expertise in the electronic payments space and seamless integration will enhance the efforts and success of our client base of collections agencies, credit unions, and SMBs across the United States and Canada."
