ATLANTA--(BUSINESS WIRE)--Jan. 25, 2024-- [Repay Holdings Corporation](#) (NASDAQ: RPAY) ("REPAY"), a leading provider of vertically-integrated payment solutions, is proud to be honored by [TSG \(The Strawhecker Group\)](#) in its 2024 *Real Transaction Metrics Awards*. Powered by TSG's [Global Experience Monitoring \(GEM\) platform](#), GEM monitors real card transactions and pings (not synthetic) from over 30 global locations across North America, South America, Europe, and Asia Pacific 24/7/365 to benchmark gateway performance. GEM is different from other monitoring solutions because it provides the client's perspective of performance.

REPAY received first place for *Highest Authorization Rate*. GEM tracks the percentage of authorization failures a gateway experiences each day unrelated to the issuer, network, or cardholder. REPAY had the lowest percent of failures in 2023.

Additionally, REPAY was runner-up for *Lowest Gateway Minute Outage (North America)*.

Performance data was assessed across more than 20 industry-leading global payments providers for 2023 to determine the *Real Transaction Metrics Awards*.

"We are honored to receive the Highest Authorization Rate Award from TSG for our employees' persistent commitment to providing exceptional gateway experiences," said David Guthrie, CTO of REPAY.
