## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These forward-looking statements reflect our current views with respect to, among other things, the expected impact of the COVID-19 pandemic, the expected benefits of our recent acquisitions, our financial performance, our business strategy and the plans and objectives of management for future operations. You generally can identify these statements by the use of words such as “outlook,” “potential,” “continue,” “may,” “seek,” “approximately,” “predict,” “believe,” “expect,” “plan,” “intend,” “estimate” or “anticipate” and similar expressions or the negative versions of these words or comparable words, as well as future or conditional verbs such as “will,” “should,” “would,” “likely” and “could.” These statements may be found under Part I, Item 2 “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere, and are subject to certain risks and uncertainties that could cause actual results to differ materially from those included in the forward-looking statements. These risks and uncertainties include, but are not limited to: exposure to economic conditions and political risk affecting the consumer loan market and consumer and commercial spending; the impacts of the ongoing COVID-19 coronavirus pandemic and the actions taken to control or mitigate its spread (which impacts are highly uncertain and cannot be reasonably estimated or predicted at this time); a delay or failure to integrate and realize the benefits of our recent acquisitions and any difficulties associated with operating in the markets in which we have limited experience; changes in the payment processing market in which we compete, including with respect to its competitive landscape, technology evolution or regulatory changes; changes in the vertical markets that we target; risks relating to our relationships within the payment ecosystem; risk that we may not be able to execute our growth strategies, including identifying and executing acquisitions; risks relating to data security; changes in accounting policies applicable to us; the risk that we may not be able to develop and maintain effective internal controls; and those risks described under Part I, Item 1A “Risk Factors” of our Annual Report on Form 10-K and Part II, Item 1A “Risk Factors” of this Form 10-Q. The forward-looking statements speak only as of the date on which they are made, and, except to the extent required by federal securities laws, we disclaim any obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. In light of these risks and uncertainties, there is no assurance that the events or results suggested by the forward-looking statements will in fact occur, and you should not place undue reliance on these forward-looking statements.

## **1. Organizational Structure and Corporate Information**

Repay Holdings Corporation was incorporated as a Delaware corporation on July 11, 2019 in connection with the closing of a transaction (the “Business Combination”) pursuant to which Thunder Bridge Acquisition Ltd., a special purpose acquisition company organized under the laws of the Cayman Islands (“Thunder Bridge”), (a) domesticated into a Delaware corporation and changed its name to “Repay Holdings Corporation” and (b) consummated the merger of a wholly owned subsidiary of Thunder Bridge with and into Hawk Parent Holdings, LLC, a Delaware limited liability company (“Hawk Parent”).

Throughout this section, unless otherwise noted or unless the context otherwise requires, the terms “we”, “us”, “Repay” and the “Company” and similar references refer (1) before the Business Combination, to Hawk Parent and its consolidated subsidiaries and (2) from and after the Business Combination, to Repay Holdings Corporation and its consolidated subsidiaries. Throughout this section, unless otherwise noted or unless the context otherwise requires, “Thunder Bridge” refers to Thunder Bridge Acquisition, Ltd. prior to the consummation of the Business Combination.

The Company is headquartered in Atlanta, Georgia. The Company’s legacy business was founded as M & A Ventures, LLC, a Georgia limited liability company doing business as REPAY: Realtime Electronic Payments (“REPAY LLC”), in 2006 by current executives John Morris and Shaler Alias. Hawk Parent was formed in 2016 in connection with the acquisition of a majority interest in the successor entity of REPAY LLC and its subsidiaries by certain investment funds sponsored by, or affiliated with, Corsair Capital LLC (“Corsair”).

On June 2, 2020, the Company completed an underwritten offering of 9,200,000 shares of its Class A common stock (the “Follow-on Offering”) pursuant to the terms of an Underwriting Agreement (the “Underwriting Agreement”), dated May 28, 2020, with Morgan Stanley & Co. LLC, Credit Suisse Securities (USA) LLC and Barclays Capital Inc., as representatives of the several underwriters named therein. 1,200,000 shares of such Class A common stock were sold in the offering in connection with the full exercise of the underwriters’ option to purchase additional shares pursuant to the Underwriting Agreement. The shares of Class A common stock issued by the Company were sold at a price to the public of \$20.00 per share (\$19.00 per share net of underwriting discounts and commissions). The material terms of the offering are described in the prospectus, dated May 28, 2020 (the “Prospectus”), filed by the Company with the Securities and Exchange Commission (the “Commission”) on June 1, 2020, pursuant to Rule 424(b) under the Securities Act. The offering was registered with the Commission pursuant to a Registration Statement on Form S-1 (File No. 333-238691) filed by the Company on May 26, 2020.

In connection with the Follow-on Offering, the Company entered into a unit purchase agreement (the “Unit Purchase Agreement”), dated May 28, 2020, with CC Payment Holdings, L.L.C., an entity controlled by Corsair, pursuant to which the Company acquired 5,200,000 units representing limited liability company interests of Hawk Parent (“Post-Merger Repay Units”) at a purchase price of \$19.00 per Post-Merger Repay Unit, which was equal to the purchase price per share of Class A common stock paid to the Company by the underwriters for shares of Class A common stock in connection with the Follow-on Offering.

In the three months ended June 30, 2020, warrant holders of the Company exercised warrants in exchange for 5.0 million shares of Class A common stock. The Company received \$51.8 million upon the exercise of the warrants. As of June 30, 2020, 11.1 million warrants remained outstanding, which were exercisable for 3.2 million shares of Class A common stock. On July 27, 2020, the Company completed the previously announced redemption of all of its outstanding warrants. Please refer to note 16 for more detail.

## **2. Basis of Presentation and Summary of Significant Accounting Policies**

### **Unaudited Interim Financial Statements**

These unaudited consolidated interim financial statements should be read in conjunction with the Company’s audited consolidated financial statements and accompanying notes for the period ended December 31, 2019 and Hawk Parent audited consolidated financial statements and accompanying notes for the years ended December 31, 2018 and 2017, which are included in the Company’s Form 10-K for the year ended December 31, 2019, as amended.

The accompanying unaudited consolidated interim financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) and with instructions to Form 10-Q and Rule 10-01 of SEC Regulation S-X as they apply to interim financial information. Accordingly, the interim consolidated financial statements do not include all of the information and notes required by GAAP for complete financial statements, although the Company believes that the disclosures made are adequate to make the information not misleading.

The interim consolidated financial statements are unaudited, but in the Company’s opinion include all adjustments that are necessary for a fair statement of financial position, operations and cash flows as of and for the periods presented. The interim financial results are not necessarily indicative of results that may be expected for any other interim period or the fiscal year.

### **Principles of Consolidation**

The consolidated financial statements include the accounts of Repay Holdings Corporation, the majority-owned Hawk Parent Holdings LLC and its wholly owned subsidiaries: Hawk Intermediate Holdings, LLC, Hawk Buyer Holdings, LLC, Repay Holdings, LLC, M&A Ventures, LLC, Repay Management Holdco Inc., Repay Management Services LLC, Sigma Acquisition, LLC, Wildcat Acquisition, LLC (“PaidSuite”), Marlin Acquirer, LLC (“Paymaxx”), REPAY International LLC, REPAY Canada ULC, TriSource Solutions, LLC (“TriSource”), Mesa Acquirer, LLC, CDT Technologies LTD. and Viking GP Holdings, LLC. All significant intercompany accounts and transactions have been eliminated in consolidation.

### **Basis of Financial Statement Presentation**

The accompanying interim consolidated financial statements of the Company were prepared in accordance with GAAP. The Company uses the accrual basis of accounting whereby revenues are recognized when earned, usually upon the date services are rendered, and expenses are recognized at the date services are rendered or goods are received.

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported consolidated statements of operations during the reporting period. Actual results could differ materially from those estimates.

### **Emerging Growth Company**

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended, as modified by the Jumpstart Our Business Startups Act of 2012, and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

### **Recently Adopted Accounting Pronouncements**

#### ***Fair Value Measurement***

In August 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements on fair value measurements in Topic 820. After the adoption of ASU 2018-13, an entity will no longer be required to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers between levels; the valuation processes for Level 3 fair value measurements.

ASU 2018-13 is effective for the Company's annual period beginning after December 15, 2019. The amendments on changes in unrealized gains and losses should be applied prospectively for only the most recent period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented on their effective date. After adopting ASU 2018-13, there was no material effect on the Company's consolidated financial statements.

#### **Recently Issued Accounting Pronouncements not yet Adopted**

##### ***Leases***

In February 2016, the FASB issued ASU 2016-02, *Leases (Subtopic 842)*. The purpose of this ASU is to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. The amendments in this ASU require that lessees recognize the rights and obligations resulting from leases as assets and liabilities on their balance sheets, initially measured at the present value of the lease payments over the term of the lease, including payments to be made in optional periods to extend the lease and payments to purchase the underlying assets if the lessee is reasonably certain of exercising those options. The main difference between previous GAAP and Topic 842 is the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous GAAP.

The effective date of this ASU for emerging growth companies is for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021. Management is currently assessing the impact this ASU will have on its consolidated financial statements.

##### ***Credit Losses***

In June 2016, the FASB issued ASU 2016-13, *Measurement of Credit Losses on Financial Instruments* which significantly changes the way entities recognize impairment of many financial assets by requiring immediate recognition of estimated credit losses expected to occur over their remaining life, instead of when incurred. The changes (as amended) are effective for public business entities for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years, with early adoption permitted for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. The Company is currently evaluating the impact of the adoption of this principle on the Company's consolidated financial statements.

##### ***Accounting for Income Taxes***

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes* ("ASU No. 2019-12"). ASU No. 2019-12 simplifies the accounting for income taxes, eliminates certain exceptions within *Income Taxes (Topic 740)*, and clarifies certain aspects of the current guidance to promote consistency among reporting entities, and is effective for fiscal years, and for interim periods within those fiscal years, beginning after December 15, 2020, with early adoption permitted. Most amendments within ASU No. 2019-12 are required to be applied on a prospective basis, while certain amendments must be applied on a retrospective or modified retrospective basis. The Company is currently in the process of evaluating the effects of ASU No. 2019-12 on its consolidated financial statements.

##### ***Reclassification***

Certain amounts in the consolidated financial statements have been reclassified from their original presentation to conform to current year presentation. These reclassifications had no material impact on the consolidated financial statements as previously reported.

### **3. Revenue**

Most of our revenues are derived from volume-based payment processing fees ("discount fees") and other related fixed per transaction fees. Discount fees represent a percentage of the dollar amount of each credit or debit transaction processed and include fees relating to processing and services that we provide. The Company's performance

obligations in its contracts with customers is the promise to stand-ready to provide payment processing services ("processing services") for an unknown or unspecified quantity of transactions and the consideration received is contingent upon the customer's use (e.g., number of transactions submitted and processed) of the related processing services. Accordingly, the total transaction price is variable. These services are stand-ready obligations, as the timing and quantity of transactions to be processed is not determinable. Under a stand-ready obligation, the Company's performance obligation is satisfied over time throughout the contract term rather than at a point in time. Because the service of standing ready to perform processing services is substantially the same each day and has the same pattern of transfer to the customer, the Company has determined that its stand-ready performance obligation comprises a series of distinct days of service. Discount fees and other fixed per transaction fees are recognized each day using a time-elapsed output method based on the volume or transaction count at the time the merchants' transactions are processed.

Revenue recorded by the Company in the capacity as a principal is reported on a gross basis equal to the full amount of consideration to which the Company expects in exchange for the good or service transferred. Revenue recorded with the Company acting in the capacity of an agent is reported on a net basis, exclusive of any consideration provided to the principal party in the transaction.

*Interchange and network fees*

Within its contracts with customers, the Company incurs interchange and network pass-through charges from the third-party card issuers and payment networks, respectively, related to the provision of payment authorization and routing services. The Company has determined that it is acting as an agent with respect to these payment authorization and routing services and as such, the Company views the card-issuing bank and the payment network as the principal for these performance obligations. Therefore, revenue allocated to the payment authorization performance obligation is presented net of interchange and card network fees paid to the card issuing banks and card networks, respectively, for the three and six months ended June 30, 2020 and 2019 respectively.

*Indirect relationships*

As a result of its past acquisitions, the Company has legacy relationships with Independent Sales Organizations (each an "ISO"), whereby the Company acts as the merchant acquirer for the ISO. The ISO maintains a direct relationship with the sponsor bank and the transaction processor, rather than the Company. Consequently, the Company recognizes revenue for these relationships net of the residual amount remitted to the ISO, based on the fact that the ISO is primarily responsible for providing the transaction processing services to the merchant. The Company is not focused on this sales model, and this relationship will represent an increasingly smaller portion of the business over time.

**Disaggregation of revenue**

The table below presents a disaggregation of revenue by direct and indirect relationships for the periods indicated:

	<b>Three Months Ended June 30, 2020</b>	<b>Six Months Ended June 30, 2020</b>	<b>Three Months Ended June 30, 2019</b>	<b>Six Months Ended June 30, 2019</b>
	<b>(Successor)</b>		<b>(Predecessor)</b>	
<b>Revenue</b>				
Direct relationships	\$ 35,873,834	\$ 74,589,458	\$ 21,109,498	\$ 43,419,215
Indirect relationships	626,691	1,373,604	576,177	1,289,866
<b>Total Revenue</b>	<b>\$ 36,500,525</b>	<b>\$ 75,963,062</b>	<b>\$ 21,685,675</b>	<b>\$ 44,709,081</b>

**Contract Costs**

The incremental costs of obtaining a contract are recognized as an asset if the cost is incremental to obtaining a contract, and whether the costs are recoverable from the client. If both criteria are not met, costs are expensed as incurred. If the amortization period of the capitalized commission cost asset is less than one year, the Company may elect a practical expedient per ASC 340-40-25-4 to expense commissions as incurred.

The Company currently incurs costs to obtain a contract through payments made to external referral partners. Any capitalized commission cost assets have an amortization period of one year or less, therefore the Company utilizes the practical expedient to expense commissions as incurred.

**4. Earnings Per Share**

During the three and six months ended June 30, 2020, basic and diluted net loss per common share are the same since the inclusion of the assumed exchange of all limited liability company interests of Hawk Parent (the "Post-Merger Repay Units"), unvested restricted share awards and all warrants would have been anti-dilutive.

The following table summarizes net loss attributable to the Company and the weighted average basic and basic and diluted shares outstanding:

	<b>For the Three Months Ended June 30, 2020</b>	<b>For the Six Months Ended June 30, 2020</b>
Loss before income tax expense	\$ (20,427,326)	\$ (27,827,361)
Less: Net loss attributable to non-controlling interests	(3,903,059)	(6,755,458)
Income tax benefit	3,896,626	5,012,218
Net loss attributable to the Company	<u>\$ (12,627,641)</u>	<u>\$ (16,059,685)</u>
Weighted average shares of Class A common stock outstanding - basic and diluted	41,775,128	39,699,841
Loss per share of Class A common stock outstanding - basic and diluted	<u>\$ (0.30)</u>	<u>\$ (0.40)</u>

For the three and six months ended June 30, 2020, the following common stock equivalent shares were excluded from the computation of the diluted loss per share, since their inclusion would have been anti-dilutive:

Post-Merger Repay Units exchangeable for Class A common stock	24,305,623	24,305,623
Dilutive warrants exercisable for Class A common stock	1,758,145	1,758,145
Unvested restricted share awards of Class A common stock	2,899,272	2,899,272
Share equivalents excluded from earnings (loss) per share	<u>28,963,040</u>	<u>28,963,040</u>

Shares of the Company's Class V common stock do not participate in the earnings or losses of the Company and, therefore, are not participating securities. As such, separate presentation of basic and diluted earnings per share of Class V common stock under the two-class method has not been presented.

**5. Business Combinations**

*APS Payments*

On October 14, 2019, the Company acquired substantially all of the assets of APS Payments ("APS") for \$30.5 million in cash. In addition to the \$30.5 million cash consideration, which includes the net working capital adjustment settled in the three months ended June 30, 2020, the APS selling equity holders may be entitled to a total of \$30.0 million in three separate cash earnout payments ("APS Earnout"), dependent on the achievement of certain growth targets. The asset purchase agreement between Repay and APS contains customary representations, warranties and covenants by

Repay and the former owners of APS, as well as a customary post-closing adjustment provision relating to working capital and similar items.

The following summarizes the preliminary purchase consideration paid to the selling members of APS:

Cash consideration	\$	30,465,454
Contingent consideration (1)		18,580,549
<b>Total purchase price</b>	<b>\$</b>	<b>49,046,003</b>

- (1) Reflects the fair value of APS Earnout, to be paid to the selling members of APS, pursuant to the asset purchase agreement between APS and Repay Holdings, LLC (“APS Purchase Agreement”). The selling members of APS will have the contingent earnout right to receive a payment of up to \$30.0 million in three separate payments, dependent on the achievement of certain growth targets, as defined in the APS Purchase Agreement, for the period commencing on October 12, 2019 and ending on December 31, 2020. On April 6, 2020, the Company paid the first APS Earnout payment of \$14.3 million. As of June 30, 2020, the remaining APS Earnout was adjusted to \$5.0 million, net of the first payment, which resulted in a \$0.7 million adjustment included in the change in fair value of contingent consideration in the unaudited interim consolidated statement of operations for the three and six months ended June 30, 2020.

The Company recorded a preliminary allocation of the purchase price to APS Payments’ tangible and identifiable intangible assets acquired and liabilities assumed based on their fair values as of the October 11, 2019 closing date. The preliminary purchase price allocation is as follows:

Cash and cash equivalents	\$	-
Accounts receivable		1,963,177
Prepaid expenses and other current assets		67,158
Total current assets		2,030,335
Property, plant and equipment, net		159,553
Restricted cash		549,978
Identifiable intangible assets		21,500,000
Total identifiable assets acquired		24,239,866
Accounts payable		(1,101,706)
Accrued expenses		(19,018)
Net identifiable assets acquired		23,119,142
Goodwill		25,926,861
<b>Total purchase price</b>	<b>\$</b>	<b>49,046,003</b>

The preliminary values allocated to identifiable intangible assets and their estimated useful lives are as follows:

<b>Identifiable intangible assets</b>	<b>Fair Value (in millions)</b>	<b>Useful life (in years)</b>
Non-compete agreements	\$ 0.5	5
Trade names	0.5	Indefinite
Merchant relationships	20.5	9
	<u>\$ 21.5</u>	

Goodwill of \$25.9 million, represents the excess of the gross consideration transferred over the fair value of the underlying net tangible and identifiable intangible assets acquired. Qualitative factors that contribute to the recognition of goodwill include certain intangible assets that are not recognized as separate identifiable intangible assets apart from goodwill. Intangible assets not recognized apart from goodwill consist primarily of the strong market position and the assembled workforce of APS Payments.

*Ventanex*

Upon closing the Ventanex acquisition, the Company acquired all of the ownership interests of CDT Technologies, LTD d/b/a Ventanex (“Ventanex”). Ventanex is an integrated payment solutions provider to consumer finance (including mortgage servicers) and business-to-business (“B2B”) healthcare verticals. The mortgage loan servicer and B2B healthcare verticals represent a material expansion of our existing focus. Ventanex’s focus on mortgage payments allowed the Company to expand its personal loan business. Further, the Ventanex acquisition accelerated the Company’s entry into the healthcare payments vertical.

Under the terms of the securities purchase agreement between Repay Holdings, LLC and the direct and indirect owners of CDT Technologies, LTD. (“Ventanex Purchase Agreement”), the aggregate consideration paid at closing by the Company was approximately \$36 million in cash. In addition to the closing consideration, the Ventanex Purchase Agreement contains a performance-based earnout (the “Ventanex Earnout Payment”), which was based on future results of the acquired business and could result in an additional payment to the former owners of Ventanex of up to \$14 million. The Ventanex acquisition was financed with a combination of cash on hand and committed borrowing capacity under the Company’s existing credit facility. The Ventanex Purchase Agreement contains customary representations, warranties and covenants by Repay and the former owners of Ventanex, as well as a customary post-closing adjustment provision relating to working capital and similar items.

The following summarizes the preliminary purchase consideration paid to the selling members of Ventanex:

Cash consideration	\$	36,000,000
Contingent consideration (1)		10,800,000
<b>Total purchase price</b>	<b>\$</b>	<b>46,800,000</b>

(1) Reflects the fair value of the Ventanex Earnout Payment, the contingent consideration to be paid to the selling members of Ventanex, pursuant to the Ventanex Purchase Agreement as of February 10, 2020. The selling partners of Ventanex will have the contingent earn-out right to receive a payment of up to \$14.0 million dependent upon the Gross Profit, as defined in the Ventanex Purchase Agreement, for the years ended December 31, 2020 and 2021.

The Company recorded a preliminary allocation of the purchase price to Ventanex’s tangible and identifiable intangible assets acquired and liabilities assumed based on their fair values as of the February 10, 2020 closing date. The preliminary purchase price allocation is as follows:

Cash and cash equivalents	\$	50,663
Accounts receivable		1,376,539
Prepaid expenses and other current assets		180,514
Total current assets		1,607,716
Property, plant and equipment, net		137,833
Restricted cash		428,313
Identifiable intangible assets		29,690,000
Total identifiable assets acquired		31,863,862
Accounts payable		(152,035)
Accrued expenses		(373,159)
Net identifiable assets acquired		31,338,668
Goodwill		15,461,332
<b>Total purchase price</b>	<b>\$</b>	<b>46,800,000</b>

The preliminary values allocated to identifiable intangible assets and their estimated useful lives are as follows:

<b>Identifiable intangible assets</b>	<b>Fair Value (in millions)</b>	<b>Useful life (in years)</b>
Non-compete agreements	\$ 0.1	5
Trade names	0.5	Indefinite
Developed technology	4.4	3
Merchant relationships	24.7	10
	<u>\$ 29.7</u>	

Goodwill of \$15.5 million, represents the excess of the gross consideration transferred over the fair value of the underlying net tangible and identifiable intangible assets acquired. Qualitative factors that contribute to the recognition of goodwill include certain intangible assets that are not recognized as separate identifiable intangible assets apart from goodwill. Intangible assets not recognized apart from goodwill consist primarily of the strong market position and the assembled workforce of Ventanex.

The Company incurred transaction expenses of \$1.0 million and \$1.0 million for the three and six months ended June 30, 2020, respectively, related to the Ventanex acquisition. Ventanex has contributed \$4.4 million to revenue and \$0.0 million in net income to the Company's unaudited interim consolidated statement of operations, from February 10, 2020 through June 30, 2020. APS contributed \$3.3 million to revenue and \$0.0 million in net income to the Company's unaudited interim consolidated statement of operations for the three months ended June 30, 2020. APS contributed \$6.9 million to revenue and \$0.7 million in net income to the Company's unaudited interim consolidated statement of operations for the six months ended June 30, 2020.

*Pro Forma Financial Information (Unaudited)*

The supplemental condensed consolidated results of the Company on an unaudited pro forma basis give effect to the TriSource, APS and Ventanex acquisitions as if the transactions had occurred on January 1, 2019. The unaudited pro forma information reflects adjustments for the issuance of the Company's common stock, debt incurred in connection with the transactions, the impact of the fair value of intangible assets acquired and related amortization and other adjustments the Company believes are reasonable for the pro forma presentation. In addition, the pro forma earnings exclude acquisition-related costs.

**6. Fair Value**

The following table summarizes, by level within the fair value hierarchy, the carrying amounts and estimated fair values of our assets and liabilities measured at fair value on a recurring or nonrecurring basis or disclosed, but not carried, at fair value in the Consolidated Balance Sheets as of the dates presented. There were no transfers into, out of, or between levels within the fair value hierarchy during any of the periods presented. Refer to Note 5, Note 10 and Note 11 for additional information on these liabilities.

**Cash and cash equivalents**

Cash and cash equivalents are classified within Level 1 of the fair value hierarchy, under ASC 820, *Fair Value Measurements* (“ASC 820”), as the primary component of the price is obtained from quoted market prices in an active market. The carrying amounts of the Company’s cash and cash equivalents approximate their fair values due to the short maturities and highly liquid nature of these accounts.

**Contingent Consideration**

Contingent consideration relates to potential payments that the Company may be required to make associated with acquisitions. The contingent consideration is recorded at fair value based on estimates of discounted future cash flows associated with the acquired businesses. To the extent that the valuation of these liabilities is based on inputs that are less observable or not observable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for measures categorized in Level 3. The change in fair value is re-measured at each reporting period with the change in fair value being recognized in accordance with ASC 805, *Business Combinations* (“ASC 805”).

The Company used a discount rate to determine the present value, based on a risk-free rate adjusted for a credit spread, of the contingent consideration in the simulation approach. A range of 4.3% to 13.1% and weighted average of 8.7% was applied to the simulated contingent consideration payments, in order to determine the fair value. A significant increase or decrease in the discount rate could have resulted in a lower or higher balance, respectively, as of the measurement date.

The following table provides a rollforward of the contingent consideration related to previous business acquisitions. Refer to Note 5 for more details.

	Six Months Ended June 30,	
	2020	2019
	(Successor)	(Predecessor)
Balance at beginning of period	\$ 14,250,000	\$ 1,816,988

Accretion expense	—	—
Valuation adjustment	7,320,549	—
<b>Balance at end of period</b>	<b>\$ 18,050,000</b>	<b>\$ —</b>

**Term loan**

The carrying value of our term loan is net of unamortized debt discount and debt issuance costs. The fair value of our term loan was determined using a discounted cash flow model based on observable market factors, such as changes in credit spreads for comparable benchmark companies and credit factors specific to us. The fair value of our term loan is classified within Level 2 of the fair value hierarchy, as the inputs to the discounted cash flow model are generally observable and do not contain a high level of subjectivity.

**Tax Receivable Agreement**

Upon the completion of the Business Combination, we entered into the Tax Receivable Agreement (the “TRA”) with holders of Post-Merger Repay Units. As a result of the TRA, we established a liability in our consolidated financial statements. The TRA is recorded at fair value based on estimates of discounted future cash flows associated with the estimated payments to the Post-Merger Repay Unit holders. These inputs are not observable in the market; thus, the TRA is classified within Level 3 of the fair value hierarchy, under ASC 820. The change in fair value is re-measured at each reporting period with the change in fair value being recognized in accordance with ASC 805.

The Company used a discount rate to determine the present value, based on a risk-free rate plus a spread, pursuant to the TRA. A rate of 1.55% was applied to the forecasted TRA payments, in order to determine the fair value. A significant increase or decrease in the discount rate could have resulted in a lower or higher balance, respectively, as of the measurement date.

The following table provides a rollforward of the TRA related to the Business Combination and subsequent acquisition of Post-Merger Repay Units held by Corsair, pursuant to the Unit Purchase Agreement. See Note 15 for further discussion on the TRA.

In October 2019, the Company entered into a \$140.0 million notional, fifty-seven month interest rate swap agreement, and in February 2020, the Company entered into a \$30.0 million notional, sixty month interest rate swap agreement. These interest rate swap agreements are to hedge changes in its cash flows attributable to interest rate risk on

a combined \$170.0 million of our variable-rate term loan to a fixed-rate basis, thus reducing the impact of interest rate changes on future interest expense.

These swaps involve the receipt of variable-rate amounts in exchange for fixed interest rate payments over the lives of the agreements without an exchange of the underlying notional amounts and were designated for accounting purposes as cash flow hedges. The interest rate swaps are carried at fair value on a recurring basis in the Consolidated Balance Sheets and are classified within Level 2 of the fair value hierarchy, as the inputs to the derivative pricing model are generally observable and do not contain a high level of subjectivity. The fair value was determined based on the present value of the estimated future net cash flows using implied rates in the applicable yield curve as of the valuation date.

## 7. Property and Equipment

Property and equipment consisted of the following:

	June 30, 2020	December 31, 2019

<b>Balance as of June 30, 2019 (Predecessor)</b>	<b>\$ 119,529,202</b>

The Company has only one operating segment and, based on the criteria outlined in ASC 350, *Intangibles – Goodwill and Other* (“ASC 350”), only one reporting unit that needs to be tested for goodwill impairment. Accordingly, goodwill was reviewed for impairment at the consolidated entity level. Based on the qualitative factors described in ASC 350, the Company concluded that goodwill was not impaired as of June 30, 2020.

## 10. Borrowings

### *Prior Credit Agreement*

Hawk Parent (the “Predecessor”) entered into a Revolving Credit and Term Loan Agreement (the “Prior Credit Agreement”), with SunTrust Bank and the other lenders party thereto on September 28, 2017, as amended December 15, 2017, which included a revolving loan component, a term loan and a delayed draw term loan. The Prior Credit Agreement was collateralized by substantially all of the assets of the Predecessor, based on the Prior Credit Agreement’s collateral documents, and it included restrictive qualitative and quantitative covenants, as defined in the Prior Credit Agreement.

The Prior Credit Agreement provided for a maximum \$10.0 million revolving loan at a variable interest rate. This facility was terminated upon the closing of the Business Combination and execution of the New Credit Agreement (defined below). Interest expense on the line of credit totaled \$49,388 and \$99,888 for the three and six months ended June 30, 2019, respectively.

***New Credit Agreement, as Amended***

The Company entered into a Revolving Credit and Term Loan Agreement (as amended the “New Credit Agreement”) on July 11, 2019, with Truist Bank (formerly SunTrust Bank) and the other lenders party thereto, which provided a revolving credit facility (the “Revolving Credit Facility”), a term loan A (the “Term Loan”), and a delayed draw term loan at a variable interest rate (3.81% at June 30, 2020) (the “Delayed Draw Term Loan”). The New Credit Agreement provided for an aggregate revolving commitment of \$20.0 million at a variable interest rate.

On February 10, 2020, as part of the financing for the acquisition of Ventanex, Repay entered into an agreement with Truist Bank and other members of its existing bank group to amend and upsize its previous credit agreement from \$230.0 million to \$345.0 million. The New Credit Agreement is collateralized by substantially all of the Company’s assets, and includes restrictive qualitative and quantitative covenants, as defined in the New Credit Agreement. The Company was in compliance with its restrictive covenants under the New Credit Agreement at June 30, 2020.

The New Credit Agreement provides for a Term Loan of \$255.0 million, a Delayed Draw Term Loan of \$60.0 million, and a Revolving Credit Facility of \$30.0 million. As of June 30, 2020, the Company had \$14.4 million drawn against the Delayed Draw Term Loan and had \$0.0 million drawn against the Revolving Credit Facility. The Company paid \$92,240 and \$134,601 in fees related to unused commitments in the three and six month periods ended June 30, 2020, respectively. The Company’s interest expense on the line of credit totaled \$4,356 and \$66,364 for the three and six months ended June 30, 2020, respectively.

At June 30, 2020 and December 31, 2019, total borrowings under the New Credit Agreement consisted of the following, respectively:

	<u>June 30, 2020</u>	<u>December 31, 2019</u>
<b>Non-current indebtedness:</b>		
Term Loan	\$ 266,398,321	\$ 208,937,500
Revolving Credit Facility	—	10,000,000
Total borrowings under credit facility (1)	266,398,321	218,937,500
Less: Current maturities of long-term debt (2)	7,175,650	5,500,000
Less: Long-term loan debt issuance cost (3)	6,693,319	5,494,795
<b>Total non-current borrowings</b>	<b>\$ 252,529,352</b>	<b>\$ 207,942,705</b>

(1) The Term Loan, Delayed Draw Term Loan and Revolving Credit Facility bear interest, at variable rates, which were 3.81% and 5.26% at June 30, 2020 and December 31, 2019, respectively

(2) Pursuant to the terms of the New Credit Agreement, the Company is required to make quarterly principal payments equal to 0.625% of the initial principal amount of the Term Loan and Delayed Draw Term Loan (collectively the “Term Loans”).

- (3) The Company incurred \$0.3 million and \$0.6 million of interest expense for the amortization of deferred debt issuance costs for the three and six months ended June 30, 2020, respectively. The Company incurred \$0.1 million and \$0.2 million for the three and six months ended June 30, 2019, respectively.

Following is a summary of principal maturities of long-term debt for each of the next five years ending December 31 and in the aggregate:

2020	\$	3,744,325
2021		10,011,650
2022		16,406,137
2023		19,248,273
2024		19,398,931
2025		197,589,006
	<u>\$</u>	<u>266,398,321</u>

The Successor incurred interest expense on the Term Loans of \$3.2 million and \$6.4 million for the three and six months ended June 30, 2020, respectively. The Predecessor incurred interest expense of \$1.3 million and \$2.6 million for the three and six months ended June 30, 2019, respectively.

## 11. Derivative Instruments

The Company does not hold or use derivative instruments for trading purposes.

### *Derivative Instruments Designated as Hedges*

Interest rate fluctuations expose the Company's variable-rate term loan to changes in interest expense and cash flows. As part of its risk management strategy, the Company may use interest rate derivatives, such as interest rate swaps, to manage its exposure to interest rate movements.

In October 2019, the Company entered into a \$140.0 million notional, five-year interest rate swap agreement, with Regions Bank, to hedge changes in cash flows attributable to interest rate risk on \$140.0 million of its variable-rate term loan. This agreement involves the receipt of variable-rate amounts in exchange for fixed interest rate payments over the life of the agreement without an exchange of the underlying notional amount. This interest rate swap was designated for accounting purposes as a cash flow hedge. As such, changes in the interest rate swap's fair value are deferred in accumulated other comprehensive income (loss) in the Consolidated Balance Sheets and are subsequently reclassified into interest expense in each period that a hedged interest payment is made on the Company's variable-rate term loan.

On February 21, 2020, the Company entered into a swap transaction with Regions Bank. On a quarterly basis, commencing on March 31, 2020 up to and including the termination date of February 10, 2025, the Company will make fixed payments on a beginning notional amount of \$30.0 million. On a quarterly basis, commencing on February 21, 2020 up to and including the termination date of February 10, 2025, the counterparty will make floating rate payments based on the 3-month LIBOR on the beginning notional amount of \$30.0 million.

As of June 30, 2020, the Company had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk.

	<u>Notional Amount</u>	<u>Fixed Interest Rate</u>	<u>Termination Date</u>
Interest rate swap	\$ 140,000,000	1.598%	July 11, 2024
Interest rate swap	\$ 30,000,000	1.331%	February 10, 2025

**12. Commitments and Contingencies**

The Company is committed under various operating leases for buildings with varying expiration dates. Future minimum lease payments under non-cancelable operating leases as of June 30, 2020, are as follows:

Year Ended	Amounts
2020	\$ 594,514
2021	1,035,753
2022	704,070
2023	369,395
2024	81,149
Thereafter	-
	<u>\$ 2,784,881</u>

**13. Related Party Transactions**

Related party payables consisted of the following:

	June 30, 2020	December 31, 2019
TriSource accrued earnout liability	\$ 2,250,000	\$ 2,250,000
APS Payments accrued earnout liability	5,000,000	12,250,000
Ventanex accrued earnout liability	10,800,000	-
Other payables to related parties	174,056	71,266
	<u>\$ 18,224,056</u>	<u>\$ 14,571,266</u>

The Company paid management fees to Corsair, a related party having common ownership in the amount of \$0.1 million and \$0.2 million for the three and six months ended June 30, 2019, respectively, which are included in selling, general, and administrative expenses in the unaudited interim consolidated statement of operations.

The Company incurred transaction costs on behalf of related parties for the three and six months ended June 30, 2020 of \$0.7 million and \$1.2 million, respectively. The Predecessor incurred transaction costs on behalf of related parties for the three and six months ended June 30, 2019 of \$0.0 million and \$0.1 million, respectively.

**14. Share Based Compensation**

*Omnibus Incentive Plan*

At the 2019 Annual Shareholders Meeting of Thunder Bridge, the shareholders considered and approved the 2019 Omnibus Incentive Plan (the “2019 Equity Incentive Plan”) which resulted in the reservation of 7,326,728 shares of common stock for issuance thereunder. The 2019 Equity Incentive Plan became effective immediately upon the closing of the Business Combination.

Under this plan, the Company currently has two types of share-based compensation awards outstanding: restricted stock awards (“RSAs”) and restricted stock units (“RSUs”). Activity for the six months ended June 30, 2020 was as follows:

	<b>Class A Common Stock</b>	<b>Weighted Average Grant Date Fair Value</b>
Unvested at December 31, 2019	1,818,675	\$ 12.39
Granted	1,096,784	17.09
Forfeited	16,187	15.31
Vested	—	—
Unvested at June 30, 2020	<u>2,899,272</u>	<u>\$ 13.99</u>

(1) The forfeited shares relate to employee terminations during the six months ended June 30, 2020; further, these forfeited shares are added back to the amount of shares available for grant under the 2019 Equity Incentive Plan.

Unrecognized compensation expense related to unvested RSAs and RSUs was \$29.1 million at June 30, 2020, which is expected to be recognized as expense over the weighted-average period of 3.02 years. The Company incurred \$5.5 million and \$9.0 million of share-based compensation expense for the three and six months ended June 30, 2020, respectively.

*Original Equity Incentives*

A summary of the changes in non-vested profit interest units outstanding for the period for the six months ended June 30, 2019 is presented below:

	<b>Units</b>	<b>Weighted average fair value per unit</b>
Non-vested units at January 1, 2019	9,460	\$ 182.83
Activity during the period:		
Granted	-	
Vested	(289)	(245.02)
Non-vested units at June 30, 2019	<u>9,171</u>	<u>\$ 180.87</u>

The estimated fair value of the Predecessor’s profit interest units that vested during the three and six months ended June 30, 2019, was \$62,063 and \$70,959, respectively. During the same periods the Predecessor incurred \$0.1 million and \$0.2 million of share-based compensation expense, respectively, included in selling, general and administrative costs in the unaudited interim consolidated statement of operations.

## **15. Taxation**

Repay Holdings Corporation is taxed as a corporation and is subject to paying corporate federal, state and local taxes on the income allocated to it from Hawk Parent, based upon Repay Holding Corporation's economic interest held in Hawk Parent, as well as any stand-alone income or loss it generates. Hawk Parent is treated as a partnership for U.S. federal and most applicable state and local income tax purposes. As a partnership, Hawk Parent is not subject to U.S. federal and certain state and local income taxes. Hawk Parent's members, including Repay Holdings Corporation, are liable for federal, state and local income taxes based on their allocable share of Hawk Parent's pass-through taxable income.

The Company's effective tax rate for the three and six months ended June 30, 2020 was 19.1% and 18.0%, respectively. The Company recorded an income tax benefit for the three and six months ended June 30, 2020 of \$3.9 million and \$5.0 million, respectively. The Company's effective tax rates for the three and six months ended June 30, 2020 was less than its combined federal and state statutory tax rate of 24%, primarily due to the Company not being liable for income taxes on the portion of Hawk Parent's earnings that are attributable to non-controlling interests. The results from the three and six months ended June 30, 2019 do not reflect income tax expense because, prior to the Business Combination, the consolidated Hawk Parent pass-through entity was not subject to federal income tax.

During the three and six months ended June 30, 2020, the Company recognized \$3.9 million and \$5.0 million, respectively, of deferred tax assets related to the income tax benefit derived from the net operating loss over the same periods. The Company did not recognize any changes to the valuation allowance as of June 30, 2020, and the facts and circumstances remain unchanged.

Deferred tax assets, net of \$25.8 million for the six months ended June 30, 2020, relates primarily to the basis difference in the Company's investment in Hawk Parent. The basis difference arose as a result of a subsequent purchase of Post-Merger Repay Units by the Company pursuant to the Unit Purchase Agreement.

As a result of the Follow-on Offering and warrant exercises during the six months ended June 30, 2020, the Company recognized an additional deferred tax asset (DTA) and offsetting deferred tax liability (DTL) in the amount of \$8.3 million to account for the portion of the Company's outside basis in the partnership interest that it will not recover through tax deductions, a ceiling rule limitation arising under Internal Revenue Code (the "Code") sec. 704(c). As the ceiling rule causes taxable income allocations to be in excess of 704(b) book allocations the DTL will unwind, leaving only the DTA, which may only be recovered through the sale of the partnership interest in Hawk Parent. The Company has concluded, based on the weight of all positive and negative evidence, that all of the DTA associated with the ceiling rule limitation is not likely to be realized. As such, a 100% valuation allowance was recognized.

No uncertain tax positions existed as of June 30, 2020.

### ***Tax Receivable Agreement Liability***

Pursuant to our election under Section 754 of the Code, we expect to obtain an increase in our share of the tax basis in the net assets of Hawk Parent when Post-Merger Repay Units are redeemed or exchanged for Class A common stock of Repay Holdings Corporation. The Company intends to treat any redemptions and exchanges of Post-Merger Repay Units as direct purchases for U.S. federal income tax purposes. These increases in tax basis may reduce the amounts that the Company would otherwise pay in the future to various tax authorities. They may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

On July 11, 2019, the Company entered into a TRA that provides for the payment by the Company of 100% of the amount of any tax benefits realized, or in some cases are deemed to realize, as a result of (i) increases in our share of the tax basis in the net assets of Hawk Parent resulting from any redemptions or exchanges of Post-Merger Repay Units and from our acquisition of the equity of the selling Hawk Parent members, (ii) tax basis increases attributable to payments made under the TRA, and (iii) deductions attributable to imputed interest pursuant to the TRA (the “TRA Payments”). The TRA Payments are not conditioned upon any continued ownership interest in Hawk Parent or the Company. The rights of each party under the TRA other than the Company are assignable. The timing and amount of aggregate payments due under the TRA may vary based on a number of factors, including the timing and amount of taxable income generated by the Company each year, as well as the tax rate then applicable, among other factors.

As of June 30, 2020, the Company had a liability of \$107.6 million related to its projected obligations under the TRA, which is captioned as tax receivable agreement liability in our Unaudited Consolidated Balance Sheet. The increase in the TRA liability for the three and six months ended June 30, 2020, was primarily a result of the Unit Purchase Agreement, pursuant to which the Company acquired 5,200,000 Post-Merger Repay Units held by Corsair. This resulted in an increase to the Company’s share of the tax basis in the net assets of Hawk Parent.

#### **16. Subsequent events**

Management has evaluated subsequent events and their potential effects on these unaudited consolidated financial statements through August 10, 2020, which is the date the unaudited consolidated financial statements were available to be issued.

On July 23, 2020, the Company announced the acquisition of cPayPlus, LLC (“cPayPlus”) for up to \$16.0 million, of which \$8.0 million was paid at closing.

On July 27, 2020, the Company completed the redemption of all of its outstanding warrants to purchase shares of the Company’s Class A common stock. Of the 11.1 million warrants outstanding, as of June 30, 2020, 11.0 million were exercised prior to the redemption on July 27, 2020. The exercise of these warrants resulted in the issuance of 2.7 million shares of Class A common stock and proceeds of \$31.5 million.

## ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

*For purposes of this section, "Repay", the "Company", "we", or "our" refer to (i) Hawk Parent Holdings, LLC and its subsidiaries ("Predecessor") for the three and six month periods ended June 30, 2019 and (ii) Repay Holdings Corporation and its subsidiaries (the "Successor ") for the three and six month periods ended June 30, 2020 (the "Successor Period") after the consummation of the Business Combination, unless the context otherwise requires. Certain figures have been rounded for ease of presentation and may not sum due to rounding.*

### Cautionary Note Regarding Forward-Looking Statements

Statements under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” regarding our financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements. Actual results could differ materially from those contemplated by the forward-looking statements as a result of certain factors, including those set forth under Part I, Item 1A “Risk Factors” in our Annual Report on Form 10-K and under Part II, Item 1A “Risk Factors” in this Form 10-Q.

### Overview

We are a leading payments technology company. We provide integrated payment processing solutions to industry-oriented vertical markets in which businesses have specific and bespoke transaction processing needs. We refer to these markets as “vertical markets” or “verticals.”

We are a payments innovator, differentiated by our proprietary, integrated payment technology platform and our ability to reduce the complexity of the electronic payments for businesses. We intend to continue to strategically target verticals where we believe our ability to tailor payment solutions to our customers’ needs and the embedded nature of our integrated payment solutions will drive strong growth by attracting new customers and fostering long-term customer relationships.

Since a significant portion of our revenue is derived from volume-based payment processing fees, card payment volume is a key operating metric that we use to evaluate our business. We processed approximately \$3.6 billion and \$7.4 billion of total card payment volume in the three and six months ended June 30, 2020, respectively, and our card payment volume growth over the same periods in 2019 was approximately 63% and 61%, respectively.

The impacts of the COVID-19 pandemic and related economic conditions on the Company’s results are highly uncertain. The scope, duration and magnitude of the direct and indirect effects of the COVID-19 pandemic are evolving rapidly and in ways that are difficult to fully anticipate. At this time, we cannot reasonably estimate the full impact of the pandemic on the Company, given the uncertainty over the duration and severity of the economic crisis. In addition, because COVID-19 did not begin to affect the Company’s financial results until late in the first quarter of 2020, its impact on the Company’s results in the first half of 2020 may not be indicative of its impact on the Company’s results for the remainder of 2020.

### Business Combination

The Company was formed upon closing of the merger (the “Business Combination”) of Hawk Parent Holdings LLC (together with Repay Holdings, LLC and its other subsidiaries, “Hawk Parent”) with a subsidiary of Thunder Bridge Acquisition, Ltd, (“Thunder Bridge”), a special purpose acquisition company, on July 11, 2019 (the “Closing Date”). On the Closing Date, Thunder Bridge changed its name to “Repay Holdings Corporation.”

As a result of the Business Combination, the Company was identified as the acquirer for accounting purposes, and Hawk Parent, which is the business conducted prior to the closing of the Business Combination, is the acquiree and accounting Predecessor. The acquisition was accounted for as a business combination using the acquisition method of accounting, and the Successor’s financial statements reflect a new basis of accounting that is based on the fair value of net assets acquired. As a result of the application of the acquisition method of accounting as of the effective time of the Business Combination, the financial statements for the Predecessor period and for the Successor period are presented on different bases. The historical financial information of Thunder Bridge prior to the Business Combination has not been reflected in the Predecessor period financial statements.

## Key Factors Affecting Our Business

Key factors that we believe impact our business, results of operations and financial condition include, but are not limited to, the following:

- the dollar amount volume and the number of transactions that are processed by the customers that we currently serve;
- our ability to attract new merchants and onboard them as active processing customers;
- our ability to successfully integrate recent acquisitions and complete future acquisitions;
- our ability to offer new and competitive payment technology solutions to our customers; and
- general economic conditions and consumer finance trends.

## Recent Acquisitions

On February 10, 2020, we announced the acquisition of CDT Technologies, LTD d/b/a Ventanex (“Ventanex”) for up to \$50.0 million, which includes a \$14.0 million performance-based earnout. The closing of the acquisition was financed with a combination of cash on hand and new borrowings under our existing credit facility. See Note 5 to the unaudited interim consolidated financial statements included elsewhere in this Quarterly Report on Form 10-Q.

On July 23, 2020, the Company announced the acquisition of cPayPlus, LLC (“cPayPlus”) for up to \$16.0 million, of which \$8.0 million was paid at closing.

## Key Components of Our Revenues and Expenses

### Revenues

*Revenue.* As our customers process increased volumes of payments, our revenues increase as a result of the fees we charge for processing these payments. Most of our revenues are derived from volume-based payment processing fees (“discount fees”) and other related fixed per transaction fees. Discount fees represent a percentage of the dollar amount of each credit or debit transaction processed and include fees relating to processing and services that we provide. The transaction price for such processing services are determined, based on the judgment of the Company’s management, considering factors such as margin objectives, pricing practices and controls, customer segment pricing strategies, the product life cycle and the observable price of the service charged to similarly situated customers. During the three and six months ended June 30, 2020 and 2019, we believe our chargeback rate was less than 1% of our card payment volume.

### Expenses

*Other costs of services.* Other costs of services primarily include commissions to our software integration partners and other third-party processing costs, such as front and back-end processing costs and sponsor bank fees.

*Selling, general and administrative.* Selling, general and administrative expenses include salaries, share-based compensation and other employment costs, professional service fees, rent and utilities, and other operating costs.

*Depreciation and amortization.* Depreciation expense consists of depreciation on our investments in property, equipment and computer hardware. Depreciation expense is recognized on a straight-line basis over the estimated useful life of the asset. Amortization expense for software development costs and purchased software is recognized on the straight-line method over a three-year estimated useful life, over a ten-year estimated useful life for customer relationships and channel relationships, and over a five-year estimated useful life for non-compete agreements.

*Interest expense.* Prior to the closing of the Business Combination, interest expense consisted of interest in respect of our indebtedness under our Prior Credit Agreement (as defined below), which was terminated in connection with the closing of the Business Combination. In periods after the closing of the Business Combination, interest expense

consists of interest in respect of our indebtedness under the New Credit Agreement, which was entered into in connection with the Business Combination and amended in February 2020.

*Change in fair value of tax receivable liability.* This amount represents the change in fair value of the tax receivable agreement liability. The TRA liability is carried at fair value; so, any change to the valuation of this liability is recognized through this line in other expense. The change in fair value can result from the redemption or exchange of Post-Merger Repay Units for Class A common stock of Repay Holdings Corporation, or through accretion of the discounted fair value of the expected future cash payments.

### Three Months Ended June 30, 2020 Compared to Three Months Ended June 30, 2019

#### Revenue

Total revenue was \$36.5 million for the three months ended June 30, 2020 and \$21.7 million in the three-month period ended June 30, 2019, an increase of \$14.8 million or 68.3%. This increase was the result of newly signed customers, the growth of our existing customers, as well as the acquisitions of TriSource, APS, and Ventanex. For the three months ended June 30, 2020, incremental revenues of approximately \$11.2 million are attributable to TriSource, APS, and Ventanex.

#### Other Costs of Services

Other costs of services were \$8.7 million for the three months ended June 30, 2020 and \$4.6 million in the three-month period ended June 30, 2019, an increase of \$4.1 million or 88.5%. Other costs of services generally increase in proportion to card processing volume. For the three months ended June 30, 2020, incremental costs of services of approximately \$4.0 million are attributable to TriSource, APS, and Ventanex.

#### Selling, General and Administrative Expenses

Selling, general and administrative expenses were \$19.0 million for the three months ended June 30, 2020 and \$8.5 million in the three-month period ended June 30, 2019, an increase of \$10.6 million or 124.9%. This increase was primarily due to one-time expenses associated with the issuance of shares in the Follow-On Offering, the acquisition of

Ventanex, general business growth, and increases in expenses relating to software and technological services, rent, telecommunication costs, advertising and marketing, and share-based compensation.

#### ***Depreciation and Amortization Expenses***

Depreciation and amortization expenses were \$14.7 million for the three months ended June 30, 2020 and \$3.0 million in the three-month period ended June 30, 2019, an increase of \$11.7 million or 394.3%. The increase was primarily due to fair value adjustments to intangibles resulting from the Business Combination, as well as additional depreciation and amortization of fixed assets and intangibles from the acquisitions of TriSource, APS, and Ventanex.

#### ***Change in the Fair Value of Contingent Consideration***

Change in the fair value of contingent consideration was \$0.7 million for the three months ended June 30, 2020 which consisted of fair value adjustments related to the contingent consideration for the acquisitions of TriSource, APS, and Ventanex.

#### ***Interest Expense***

Interest expense was \$3.7 million for the three months ended June 30, 2020 and \$1.5 million in the three month period ended June 30, 2019, an increase of \$2.2 million or 152.0%. This increase was due to a higher average outstanding principal balance under our New Credit Agreement as compared to the average outstanding principal balance under the Prior Credit Agreement.

#### ***Change in Fair Value of Assets and Liabilities***

Change in fair value of assets and liabilities were \$10.0 million for the three months ended June 30, 2020, which consisted of fair value adjustments related to the tax receivable liability.

#### ***Income Tax***

Prior to the Business Combination, the Company was not subject to corporate income taxation and, thus, did not have any corporate income tax expense for the three months ended June 30, 2019. Therefore, comparison of the three months ended June 30, 2020 and the three months ended June 30, 2019 are not meaningful.

The income tax benefit recorded for the three months ended June 30, 2020 of \$3.9 million reflected the expected income tax benefit to be received on the net earnings related to the Company's economic interest in Hawk Parent. This was a result of the operating loss incurred by the Company, primarily driven by stock-based compensation deductions as well as the amortization of assets acquired in Business Combination and acquisitions of TriSource, APS and Ventanex.

#### ***Six Months Ended June 30, 2020 Compared to Six Months Ended June 30, 2019***

##### ***Revenue***

Total revenue was \$76.0 million for the six months ended June 30, 2020 and \$44.7 million in the six-month period ended June 30, 2019, an increase of \$31.3 million or 69.9%. This increase was the result of newly signed customers, the growth of our existing customers, as well as the acquisitions of TriSource, APS, and Ventanex. For the six months ended June 30, 2020, incremental revenues of approximately \$23.7 million are attributable to TriSource, APS, and Ventanex.

##### ***Other Costs of Services***

Other costs of services were \$19.5 million for the six months ended June 30, 2020 and \$9.7 million in the six-month period ended June 30, 2019, an increase of \$9.8 million or 100.0%. Other costs of services generally increase in proportion to card processing volume. For the six months ended June 30, 2020, incremental costs of services of approximately \$9.2 million are attributable to TriSource, APS, and Ventanex.

##### ***Selling, General and Administrative Expenses***

Selling, general and administrative expenses were \$37.2 million for the six months ended June 30, 2020 and \$17.1 million in the six-month period ended June 30, 2019, an increase of \$20.1 million or 117.0%. This increase was primarily due to one-time expenses associated with the issuance of shares in the Follow-On Offering, the acquisition of Ventanex, general business growth, and increases in expenses relating to software and technological services, rent, telecommunication costs, advertising and marketing, and share-based compensation.

### ***Depreciation and Amortization Expenses***

Depreciation and amortization expenses were \$28.6 million for the six months ended June 30, 2020 and \$5.9 million in the six-month period ended June 30, 2019, an increase of \$22.7 million or 385.7%. The increase was primarily due to fair value adjustments to intangibles resulting from the Business Combination, as well as additional depreciation and amortization of fixed assets and intangibles from the acquisitions of TriSource, APS, and Ventanex.

### ***Change in the Fair Value of Contingent Consideration***

Change in the fair value of contingent consideration was \$0.7 million for the six months ended June 30, 2020, which consisted of fair value adjustments related to the contingent consideration for the acquisitions of TriSource, APS, and Ventanex.

### ***Interest Expense***

Interest expense was \$7.2 million for the six months ended June 30, 2020 and \$2.9 million in the six month period ended June 30, 2019, an increase of \$4.3 million or 147.4%. This increase was due to a higher average outstanding principal balance under our New Credit Agreement as compared to the average outstanding principal balance under the Prior Credit Agreement.

### ***Change in Fair Value of Assets and Liabilities***

Change in fair value of assets and liabilities were \$10.0 million for the six months ended June 30, 2020 which consisted of fair value adjustments related to the tax receivable liability.

### ***Income Tax***

Prior to the Business Combination, the Company was not subject to corporate income taxation and, thus, did not have any corporate income tax expense for the six months ended June 30, 2019. Therefore, comparison of the six months ended June 30, 2020 and the six months ended June 30, 2019 are not meaningful.

The income tax benefit recorded for the six months ended June 30, 2020 of \$5.0 million reflected the expected income tax benefit to be received on the net earnings related to the Company's economic interest in Hawk Parent. This was a result of the operating loss incurred by the Company, primarily driven by stock-based compensation deductions as well as the amortization of assets acquired in Business Combination and acquisitions of TriSource, APS and Ventanex.

### ***Non-GAAP Financial Measures***

This report includes certain non-GAAP financial measures that management uses to evaluate our operating business, measure our performance and make strategic decisions.

Adjusted EBITDA is a non-GAAP financial measure that represents net income prior to interest expense, tax expense, depreciation and amortization, as adjusted to add back certain non-cash and non-recurring charges, such as non-cash change in fair value of contingent consideration, non-cash change in fair value of assets and liabilities, share-based compensation charges, transaction expenses, management fees, legacy commission related charges, employee recruiting costs, other taxes, strategic initiative related costs and other non-recurring charges.

Adjusted Net Income is a non-GAAP financial measure that represents net income prior to amortization of acquisition-related intangibles, as adjusted to add back certain non-cash and non-recurring charges, such as non-cash change in fair value of contingent consideration, non-cash change in fair value of assets and liabilities, share-based compensation expense, transaction expenses, management fees, legacy commission related charges, employee recruiting costs, strategic initiative related costs and other non-recurring charges, net of tax effect associated with these

adjustments. Adjusted Net Income is adjusted to exclude amortization of all acquisition-related intangibles as such amounts are inconsistent in amount and frequency and are significantly impacted by the timing and/or size of acquisitions. Management believes that the adjustment of acquisition-related intangible amortization supplements GAAP financial measures because it allows for greater comparability of operating performance. Although we exclude amortization from acquisition-related intangibles from our non-GAAP expenses, management believes that it is important for investors to understand that such intangibles were recorded as part of purchase accounting and contribute to revenue generation.

Adjusted Net Income per share is a non-GAAP financial measure that represents Adjusted Net Income divided by the weighted average number of shares of Class A common stock outstanding (on as-converted basis) for the three and six months ended June 30, 2020 (excluding shares subject to forfeiture).

We believe that Adjusted EBITDA, Adjusted Net Income, and Adjusted Net Income per share provide useful information to investors and others in understanding and evaluating its operating results in the same manner as management. However, Adjusted EBITDA, Adjusted Net Income, and Adjusted Net Income per share are not financial measures calculated in accordance with GAAP and should not be considered as a substitute for net income, operating profit, or any other operating performance measure calculated in accordance with GAAP. Using these non-GAAP financial measures to analyze our business has material limitations because the calculations are based on the subjective determination of management regarding the nature and classification of events and circumstances that investors may find significant. In addition, although other companies in our industry may report measures titled Adjusted EBITDA, Adjusted Net Income, and Adjusted Net Income per share, or similar measures, such non-GAAP financial measures may be calculated differently from how we calculate our non-GAAP financial measures, which reduces their overall usefulness as comparative measures. Because of these limitations, you should consider Adjusted EBITDA, Adjusted Net Income, and Adjusted Net Income per share alongside other financial performance measures, including net income and our other financial results presented in accordance with GAAP. You should be aware of additional limitations with respect to Adjusted Net Income per share because the GAAP presentation of net loss per share is only reflected for the three and six months ended June 30, 2020.

The following tables set forth a reconciliation of our results of operations for the three and six month periods ended June 30, 2020 and 2019.

- (i) Reflects franchise taxes and other non-income based taxes.
- (j) Reflects consulting fees related to our processing services and other operational improvements that were not in the ordinary course during the three and six months ended June 30, 2020 and 2019, and additionally one-time expenses related to the creation of a new entity in connection with equity arrangements for the members of Hawk Parent in connection with the Business Combination in the three and six months ended June 30, 2019.
- (k) For the three and six months ended June 30, 2020, reflects expenses incurred related to one-time accounting system and compensation plan implementation related to becoming a public company, as well as extraordinary refunds to customers and other payments related to COVID-19.
- (l) For the three and six months ended June 30, 2020 reflects (i) amortization of the customer relationships intangibles acquired through Hawk Parent's acquisitions of PaidSuite and Paymaxx during the year ended December 31, 2017 and the recapitalization transaction in 2016, through which Hawk Parent was formed in connection with the acquisition of a majority interest in Repay Holdings, LLC by certain investment funds sponsored by, or affiliated with, Corsair, (ii) customer relationships, non-compete agreement, software, and channel relationship intangibles acquired through the Business Combination, and (iii) customer relationships, non compete agreement, and software intangibles acquired through Repay Holdings, LLC's acquisitions of TriSource Solutions, APS Payments, and Ventanex. For the three and six months ended June 30, 2019, reflects amortization of customer relationships intangibles acquired through Hawk Parent's acquisitions and the recapitalization transaction in 2016. This adjustment excludes the amortization of other intangible assets which were acquired in the regular course of business, such as capitalized internally developed software and purchased software. See additional information below for an analysis of our amortization expenses:

	Three months ended June 30, 2020		Three months ended June 30, 2019	
	Successor	Predecessor	Successor	Predecessor
	(Successor)	(Predecessor)	(Predecessor)	(Predecessor)
<i>(in \$ thousands)</i>				
Acquisition-related intangibles	\$ 4,545	\$ 8,659	\$ 1,980	\$ 3,959
Software	1,727	3,106	844	1,634
Reseller buyouts	15	29	15	29
Amortization	\$ 6,287	\$ 11,794	\$ 2,838	\$ 5,623
Depreciation	260	499	137	267
<b>Total Depreciation and amortization<sup>1</sup></b>	<b>\$ 6,547</b>	<b>\$ 12,293</b>	<b>\$ 2,975</b>	<b>\$ 5,890</b>

- (1) Adjusted Net Income is adjusted to exclude amortization of all acquisition-related intangibles as such amounts are inconsistent in amount and frequency and are significantly impacted by the timing and/or size of acquisitions (see corresponding adjustments in the reconciliation of net income to Adjusted Net Income presented above). Management believes that the adjustment of acquisition-related intangible amortization supplements GAAP financial measures because it allows for greater comparability of operating performance. Although we exclude amortization from acquisition-related intangibles from our non-GAAP expenses, management believes that it is important for investors to understand that such intangibles were recorded as part of purchase accounting and contribute to revenue generation. Amortization of intangibles that relate to past acquisitions will recur in future periods until such intangibles have been fully amortized. Any future acquisitions may result in the amortization of additional intangibles.

- (m) Represents the weighted average number of shares of Class A common stock outstanding (on as-converted basis) for the three or six months ended June 30, 2020 (excluding shares that were subject to forfeiture).
- (n) Adjustment for incremental depreciation and amortization recorded due to fair-value adjustments under ASC 805 in the Successor period.

- (o) Represents pro forma income tax adjustment effect associated with items adjusted above. As Hawk Parent, as the accounting Predecessor, was not subject to income taxes, the tax effect above was calculated on the adjustments related to the Successor period only.

Adjusted EBITDA for the three months ended June 30, 2020 and 2019 was \$16.2 million and \$10.4 million, respectively, representing a 55.3% year-over-year increase. Adjusted EBITDA for the six months ended June 30, 2020 and 2019 was \$33.6 million and \$21.8 million respectively, representing a 54.1% year-over-year increase.

Adjusted Net Income for the three months ended June 30, 2020 and 2019 was \$9.9 million and \$7.8 million, respectively, representing a 27.3% year-over-year increase. Adjusted Net Income for the six months ended June 30, 2020 and 2019 was \$21.4 million and \$16.7 million respectively, representing a 28.0% year-over-year increase.

Our net income (loss) attributable to the Company for the three months ended June 30, 2020 and 2019 was \$(12.6) million and \$4.2 million, respectively, representing a 403.8% year-over-year decrease. Our net income (loss) attributable to the Company for the six months ended June 30, 2020 and 2019 was \$(16.1) million and \$9.0 million respectively, representing a 278.0% year-over-year decrease.

These increases in Adjusted EBITDA and Adjusted Net Income, in the three and six months ended June 30, 2020 are the result of the growing card payment volume and revenue figures described above, new customers, and same store sales growth from existing customers as well as the acquisitions of TriSource, APS, and Ventanex. The decrease in net income attributable to the Company in the three and six months ended June 30, 2020, is primarily the result of one-time expenses incurred in connection with the acquisitions of Ventanex and APS as well as stock compensation expense and the change in fair value of the TRA.

### **Seasonality**

We have experienced in the past, and may continue to experience, seasonal fluctuations in our volumes and revenues as a result of consumer spending patterns. Volumes and revenues, per each customer store, during the first quarter of the calendar year tend to increase in comparison to the remaining three quarters of the calendar year. This increase is due to consumers' receipt of tax refunds and the increases in repayment activity levels that follow. Operating expenses show less seasonal fluctuation, with the result that net income is subject to the similar seasonal factors as our volumes and revenues.

### **Liquidity and Capital Resources**

We have historically financed our operations and working capital through net cash from operating activities. As of June 30, 2020, we had \$165.9 million of cash and cash equivalents and available borrowing capacity of \$75.6 million under the New Credit Agreement. This balance does not include restricted cash, which reflects cash accounts holding reserves for potential losses and customer settlement funds of \$13.8 million at June 30, 2020. Our primary cash needs are to fund working capital requirements, invest in technology development, fund acquisitions and related contingent consideration, make scheduled principal payments and interest payments on our outstanding indebtedness and pay tax distributions to members of Hawk Parent. We expect that our cash flow from operations, current cash and cash equivalents and available borrowing capacity under the New Credit Agreement will be sufficient to fund our operations and planned capital expenditures and to service our debt obligations for the next twelve months.

We are a holding company with no operations and depend on our subsidiaries for cash to fund all of our consolidated operations, including future dividend payments, if any. We depend on the payment of distributions by our current subsidiaries, including Hawk Parent, which distributions may be restricted by law or contractual agreements, including agreements governing their indebtedness. For a discussion of those considerations and restrictions, refer to Part II, Item 1A "Risk Factors - Risks Related to Our Class A Common Stock" in our Annual Report on Form 10-K.

## Cash Flows

The following table present a summary of cash flows from operating, investing and financing activities for the periods indicated:

<i>(in \$ thousands)</i>	<u>Successor</u>	<u>Predecessor</u>
	Six Months Ended June 30, 2020	Six Months Ended June 30, 2019
Net cash provided by operating activities	\$ 9,418	\$ 8,159
Net cash used in investing activities	(43,728)	(3,755)
Net cash provided by (used in) financing activities	176,119	(9,355)

### *Cash Flow from Operating Activities*

Net cash provided by operating activities was \$9.4 million in the six months ended June 30, 2020.

Net cash provided by operating activities was \$8.2 million in the six months ended June 30, 2019.

Cash provided by operating activities for the six months ended June 30, 2020 and 2019 reflects net income as adjusted for non-cash operating items including depreciation and amortization, share-based compensation, and changes in working capital accounts.

### *Cash Flow from Investing Activities*

Net cash used in investing activities was \$43.7 million in the six months ended June 30, 2020, due to the acquisition of Ventanex, and capitalization of software development activities.

Net cash used in investing activities was \$3.8 million in the six months ended June 30, 2019, due to capitalization of software development activities.

### *Cash Flow from Financing Activities*

Net cash provided by financing activities was \$176.1 million in the six months ended June 30, 2020, due to proceeds from the issuance of new shares in the Follow-On Offering, new borrowings related to the acquisition of Ventanex under the New Credit Agreement, as well as funds received related to the exercise of warrants, offset by repayment of the outstanding revolver balance related to the New Credit Agreement in connection with its amendment and the acquisition of Ventanex, and repayments of the term loan principal balance under the New Credit Agreement.

Net cash used in financing activities was \$9.4 million in the six months ended June 30, 2019, due to repayments of the term loan principal balance related to our Prior Credit Agreement and tax distributions to Hawk Parent's members.

## **Indebtedness**

### *Prior Credit Agreement*

Hawk Parent was previously party to the Revolving Credit and Term Loan Agreement, dated as of September 28, 2017, and amended as of December 15, 2017 (the "Prior Credit Agreement"), with SunTrust Bank, as administrative agent and lender, and the other lenders party thereto. In connection with the completion of the Business Combination, all outstanding loans were repaid and the Prior Credit Agreement was terminated.

### *New Credit Agreement*

In connection with the Business Combination, on July 11, 2019, TB Acquisition Merger Sub LLC, Hawk Parent and certain subsidiaries of Hawk Parent, as guarantors, entered into a Revolving Credit and Term Loan Agreement (as amended, the "New Credit Agreement") with certain financial institutions, as lenders, and Truist Bank (formerly SunTrust Bank), as the administrative agent.

On February 10, 2020, we announced the acquisition of Ventanex. The closing of the acquisition was financed partially from new borrowings under our existing credit facility. As part of the financing for the transaction, we entered into an agreement with Truist Bank and other members of its existing bank group to amend and upsize the New Credit Agreement.

As of June 30, 2020, the New Credit Agreement provides for a senior secured term loan facility of \$255.0 million, a delayed draw term loan of \$60.0 million, and a revolving credit facility of \$30.0 million. As of June 30, 2020, we had \$0.0 million drawn against the revolving credit facility. We paid \$92,240 and \$134,601 in fees related to unused commitments in the three and six month periods ended June 30, 2020, respectively.

As of June 30, 2020, we had term loan borrowings of \$259.7 million, net of deferred issuance costs, under the New Credit Agreement, and we were in compliance with its restrictive financial covenants. Additionally, we currently expect that we will remain in compliance with the restrictive financial covenants of the New Credit Agreement, prospectively.

#### **Tax Receivable Agreement**

Upon the completion of the Business Combination, we entered into the Tax Receivable Agreement (the “TRA”) with holders of limited liability company interests of Hawk Parent (the “Post-Merger Repay Units”). As a result of the TRA, we established a liability in our consolidated financial statements. Such liability, which will increase upon the redemptions or exchanges of Post-Merger Repay Units for the Class A common stock of the Company, generally represents 100% of the estimated future tax benefit, if any, relating to the increase in tax basis that will result from redemptions or exchanges of the Post-Merger Repay Units for shares of Class A common stock pursuant to the Exchange Agreement and certain other tax attributes of the Company and tax benefits of entering into the TRA, including tax benefits attributable to payments under the TRA.

Under the terms of the TRA, we may elect to terminate the TRA early but will be required to make an immediate payment equal to the present value of the anticipated future cash tax savings. As a result, the associated liability reported on our consolidated financial statements may be increased. We expect that the payment obligations of the Company required under the TRA will be substantial. The actual increase in tax basis, as well as the amount and timing of any payments under the TRA, will vary depending upon a number of factors, including the timing of redemptions or exchanges by the holders of Post-Merger Repay Units, the price of the Class A common stock of the Company at the time of the redemption or exchange, whether such redemptions or exchanges are taxable, the amount and timing of the taxable income we generate in the future, the tax rate then applicable and the portion of our payments under the TRA constituting imputed interest. We expect to fund the payment of the amounts due under the TRA out of the cash savings that we actually realize in respect of the attributes to which TRA relates. However, the payments required to be made could be in excess of the actual tax benefits that we realize and there can be no assurance that we will be able to finance our obligations under the TRA.

#### **Critical Accounting Policies and Recently Issued Accounting Pronouncements**

See Management’s Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the fiscal year ended December 31, 2019 for a complete discussion of critical accounting policies.

#### **Off-Balance Sheet Arrangements**

We did not have any material off-balance sheet arrangements as of June 30, 2020 or December 31, 2019.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK**

#### ***Effects of Inflation***

While inflation may impact our revenues and cost of services, we believe the effects of inflation, if any, on our results of operations and financial condition have not been significant. However, there can be no assurance that our results of operations and financial condition will not be materially impacted by inflation in the future.

## **Interest Rate Risk**

Interest rates are highly sensitive to many factors, including U.S. fiscal and monetary policies and domestic and international economic and political considerations, as well as other factors beyond our control. Interest rate risk is the exposure to loss resulting from changes in the level of interest rates and the spread between different interest rates. We are exposed to market risk from changes in interest rates on debt, which bears interest at variable rates. Our debt has floating interest rates. We are exposed to changes in the level of interest rates and to changes in the relationship or spread between interest rates for its floating rate debt. Our floating rate debt requires payments based on variable interest rates such as the federal funds rate, prime rate, eurocurrency rate, and LIBOR. Therefore, increases in interest rates may reduce our net income or loss by increasing the cost of debt. As of June 30, 2020 and December 31, 2019, we had term loan borrowings of \$259.7 million and \$208.9 million, respectively, and revolver borrowings of \$0.0 million and \$10.0 million, respectively, outstanding under the respective credit agreements. The borrowings accrue interest at either base rate, described above under “*Liquidity and Capital Resources — Indebtedness*,” plus a margin of 1.50% to 2.50% or at an adjusted LIBOR rate plus a margin of 2.50% to 3.50% under the New Credit Agreement, in each case depending on the total net leverage ratio, as defined in the respective agreements governing the New Credit Agreement. In October 2019 and February 2020, we entered into two separate swap agreements with notional amounts of \$140.0 million and \$30.0 million, respectively. These interest rate swaps effectively converted \$170.0 million of the outstanding term loan into to fixed rate payments for 57 months and 60 months, respectively. A 1.0% increase or decrease in the interest rate applicable to such borrowings under the New Credit Agreement would have increased or decreased cash interest expense on our indebtedness by approximately \$1.0 million per annum and \$1.0 million per annum, respectively.

We may incur additional borrowings from time to time for general corporate purposes, including working capital and capital expenditures.

In July 2017, the U.K. Financial Conduct Authority announced its intention to phase out LIBOR rates by the end of 2021. It is not possible to predict the effect of any changes in the methods by which the LIBOR is determined, or any other reforms to LIBOR that may be enacted in the United Kingdom or elsewhere. Such developments may cause LIBOR to perform differently than in the past, including sudden or prolonged increases or decreases in LIBOR, or cease to exist, resulting in the application of a successor base rate under the New Credit Agreement, which in turn could have unpredictable effects on our interest payment obligations under the New Credit Agreement.

## **Foreign Currency Exchange Rate Risk**

Invoices for our services are denominated in U.S. dollars and Canadian dollars. We do not expect our future operating results to be significantly affected by foreign currency transaction risk.

## **ITEM 4. CONTROLS AND PROCEDURES**

### ***Controls and Procedures***

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports that the Company files or submits under the Securities Exchange Act of 1934, as amended, or the Exchange Act, is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to the Company’s management, including its Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures.

### ***Evaluation of Disclosure Controls and Procedures***

As of the end of the period covered by this Quarterly Report on Form 10-Q, we conducted an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on the evaluation of these disclosure controls and procedures, the Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2020, our disclosure controls and procedures were effective to ensure that the information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms.

## **Changes in Internal Control over Financial Reporting**

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934) during the quarter ended June 30, 2020 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

## **PART II – OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

From time to time we are named as a defendant in legal actions arising from our normal business activities. Although we cannot predict with certainty the ultimate resolution of lawsuits, investigations and claims asserted against us, we do not believe any currently pending legal proceeding to which we are a party will have a material adverse effect on our business, prospects, financial condition, cash flows or results of operations.

### **ITEM 1A. RISK FACTORS**

There have been no material changes with respect to the risk factors disclosed in our annual report on Form 10-K for the year ended December 31, 2019 (as amended, the "2019 Form 10-K") except as noted below. The disclosure set forth below supplements and updates, and should be read together with, the risk factors in the 2019 Form 10-K.

***The continued impact of the COVID-19 outbreak and the measures implemented to mitigate the spread of the virus on our business, results of operations and financial condition will depend on future developments, which are highly uncertain and largely without precedent.***

We continue to face various risks related to the outbreak of a novel strain of coronavirus (COVID-19), which the World Health Organization declared a global pandemic in March 2020. The COVID-19 pandemic and the mitigation efforts by governments and other parties to attempt to control its spread have adversely impacted the U.S. and global economy, leading to reduced consumer and business spending, reduced economic activity and disruptions and volatility in the U.S. and global capital markets. We are diligently working to ensure that we can continue to operate with minimal disruption, mitigate the impact of the pandemic on our employees' health and safety, and address potential business interruptions on ourselves and our customers. However, we cannot assure you that we will continue to be successful in these efforts.

Although we have experienced increased demand for some of our service offerings as a result of an accelerated shift to electronic payments, we believe that the COVID-19 pandemic, the mitigation efforts and the resulting economic impact have had, and may continue to have, an overall adverse effect on our business, results of operations and financial condition. The actual full effect (which could be material) cannot be reasonably estimated at this time, and it will depend on numerous evolving factors and future developments that we are not able to predict, including: the duration, spread and severity of the outbreak (including whether there are continued waves of infection); the nature, extent and effectiveness of mitigation measures; the extent and duration of the effect on the economy, unemployment, consumer confidence and consumer and business spending; and how quickly and to what extent normal economic and operating conditions can resume. We believe that the resulting financial impact on our business, results of operations and financial conditions will not be known for a significant period of time.

The effects of the COVID-19 pandemic, the mitigation efforts and the resulting economic impact on our business, results of operations and financial condition have included and may continue to include the following with respect to the key industry-oriented "vertical" markets that we serve:

- Any additional government-imposed or suggested "shelter-in-place" or similar orders, significant reductions in consumer spending, high unemployment, bankruptcies or financial distress, could result in a decrease in the origination of personal or automotive loans and a decrease in payments (from delinquencies, defaults or otherwise) made in respect of existing obligations. Any additional government

stimulus or extra unemployment benefits could also result in a decrease in the origination of personal or automotive loans.

- Loan payment deferrals (whether government-mandated or voluntary) could result in a reduction in the amount of loan payments received.
- Moratoriums on debt collection activities could result in decreased receivables management payments.
- The overall economic slowdown and reduction in business spending could result in a decrease in the amount of B2B payments.
- A reduction in elective medical procedures or health provider visits could result in a decrease in the amount of payments to healthcare providers from insurance companies and third-party health administrators.

The above effects are likely to result in an adverse impact on the amount of fees we can earn for processing payments and other transactions on behalf of our customers. There may be a delay in the timing of when our business is impacted by these matters. As an example, we could earn incremental fees from processing loan payments or payoffs that result from consumers' receipt of additional government stimulus or extra unemployment benefits, but our business, results of operations and financial condition in subsequent periods could be adversely affected if customers in our personal or automotive loan verticals reduce their loan originations as result of such combination of government action and consumer behavior.

Other effects of the COVID-19 pandemic, the mitigation efforts and the resulting economic impact on our business, results of operations and financial condition have included and may continue to include:

- Diversion of management focus to addressing impacts of the COVID-19 pandemic could potentially disrupt our 2020 operating plans.
- Social distancing measures, suspension of all non-essential travel and cancellation or postponement of various tradeshows may impede the ability of our sales force to attract new customers and grow relationships with existing customers.
- Ongoing or further closures of our offices and continuation of "work-from-home" policies and arrangements for our employees could negatively impact productivity, increase our cybersecurity risks and disrupt the conduct of our business in the ordinary course.

To the extent the COVID-19 pandemic, the mitigation efforts and the resulting economic impact adversely affect our business, results of operations and financial condition, such matters may also have the effect of heightening many of the other risks described in the risk factors disclosed in our 2019 Form 10-K, such as those relating to our responsibility for the prevention of unauthorized disclosure of consumer data and our ability to minimize losses relating to chargebacks, fraud and similar losses.
